

Local Happenings in Brief.

J. J. Walsh has returned from a trip to Tucson and Phoenix.

Mrs. Goodbody is still seriously ill and is not yet considered out of danger.

Wm. Henry and J. E. Fisher, prominent Douglas merchants, are in Bisbee on business.

Judge S. K. Williams left for Tombstone yesterday on business connected with his office.

G. J. McCabe has returned from the county seat, where he has been serving as a trial juror.

Supervisor George B. Reay was an incoming passenger on the evening train yesterday.

Dr. E. J. Shaw, cattle inspector, went down to Douglas yesterday to inspect some cattle to be passed at that place.

Judge Robinson has been seriously ill at Tombstone for several days but was somewhat improved Wednesday morning.

Adeline Hunter was taken to Tombstone yesterday morning and will be examined by Probate Judge Bostwick as to her sanity.

Steve Johnson, for years in the employ of the company as a blacksmith, has departed for his old home in the East on a vacation.

H. W. Studley has returned from California fully recovered in health and will resume his position in the Copper Queen mine.

Pay day came in cold and disagreeable, but the large amount of money put in circulation seemed to gladden the hearts of the Bisbeeites.

Mrs. Billy Morrish, Miss Carmen Escobosa and Mrs. M. F. Stair, from Naco, were the guests of Mrs. C. A. Brown and Miss Emma Smith yesterday.

A. W. Crawford, with Geo. H. Cook & Co., is showing a very pretty line of Xmas novelties in jewelry at Blewett's shoe store. Don't fail to call and see his stock.

Married in El Paso, Texas, December 8, 1901, Mrs. Price W. Sydow to Mr. William B. Harper. Mr. and Mrs. Harper will be at home at the Lakota after December 15th.

M. K. Lawrence places his advertisement in the REVIEW this morning for painting, paper hanging and interior decorating. He has his office with the Bisbee Drug Co.

Coming Here Soon!

One of the features about the picture comedy, "Too Rich To Marry," is that it is devoid of the usual cigarette smoking villain.

OPERA HOUSE SHORTLY.

Attractive Booths at the Bazaar.

The largest and most beautiful collection of sofa pillows ever seen in Arizona has been donated to the Guild and will be on sale at the Bazaar in a special booth in charge of Mrs. S. W. Clawson.

One stall will be used for the sale of children's clothing, aprons, and various useful articles made by the ladies of the Guild. This is called "The Plain Sewing Booth" and will be under the direction of Mrs. Smith, president of the Guild.

Hundreds of handkerchiefs of all sizes and qualities have been contributed to the Bazaar and these together with other fancy articles will be for sale in a booth presided over by Mrs. Sweet, Mrs. Webb and Miss Harkness.

Railroad Man Talks.

E. A. McFarland, chief engineer of the Cananea railroad, came up from Naco yesterday and spent a few hours in Bisbee on business for his company. In speaking of the new road from Douglas to Naco, Mr. McFarland said: "Yes, the Copper Queen will eventually build that road, and their reason for starting now is to come within the twenty year tax law; they have until the first of January to begin work and they will do part of the grading now. This will give two outlets and be a very profitable piece of property when their main line is finished between El Paso and Douglas."

In speaking of the opening of the Cananea road to traffic the first of the year Mr. McFarland said that they would have their road ready and everything in good shape by January 1st, and expected to have some of the Mexican officials and a party of the eastern directors of the road at the ceremonies. Capt. Coes will represent the Mexican government and receive the road after he has made a thorough and complete examination, as is customary by the Mexican officials.

Cananea Man Talks

L. Roca, manager of the store department of the Manzanal Mining company at Manzanal, stopped over in Bisbee for a few hours on his way to La Cananea from a trip to Tucson.

"Yes, the mine has been closed down at Manzanal since Mr. Parnall went east," said Mr. Roca to a REVIEW representative, "and we have not been working any men out there, but on his return we hope to have everything running nicely about the first of the year."

"The Cananea railroad, which will be completed about the first of January, will be a great benefit to us in getting our machinery from Naco to the mines. To freight it by team takes such a long time, and when the roads are bad we never know when we will get our freight."

"The new town laid out about two miles from the smelters at La Cananea is building up very fast and looks like a little city now. It is being built of very pretty dwellings and is far enough away to be out of the way of the smoke and noise of the smelter, and will make a very pleasant place to live in."

Friends Say Good Bye.

Messrs. Ben and Lewis Williams and Mrs. Lewis Williams left yesterday evening on a special train for Benson, where their train met the west bound Southern Pacific train, which will convey them to San Francisco and after stopping a few days in the western metropolis they will go to their home at Milton.

Just before the train left a large number of friends were there to bid them good bye and wish them a safe trip home and extended a cordial invitation to Mr. and Mrs. Lewis Williams and Ben Williams to return to Bisbee.

When asked as to whether he thought Arizona would get statehood soon, Mr. Lewis Williams said, "I hope you will have statehood and know that all of the representatives from the Western states as well as a number from the Central and Eastern districts will vote in favor of such a bill when introduced in Congress, but I notice one thing and that is there is so much discord among the public officials in Arizona and you don't seem to be satisfied with those in office, you hardly have one man in before you want him out. You must get more settled and then things will be better for all. I think Mr. Roosevelt is going to make us a strong president and will carry out the policy started by our martyred president, Mr. McKinley; and I think President Roosevelt is a good friend of Arizona and will do all he can to give her statehood."

Prospects Bright at Pearl Mine

N. E. Ferguson, president of the Pearl Gold Mining company, has returned from a week's visit to the company's mines, located about ten miles from Bowie.

"Yes, everything is looking very encouraging for us," said Mr. Ferguson when asked by a REVIEW reporter as to the prospects of the mines in which he and others in Bisbee are interested. "We now have for our foreman Mr. Roscoe Cornell, who for many years was assistant to Superintendent S. A. Parnall of the Old Dominion at Globe, and a first class mining man. We have at present eight men at work and will shortly increase this number, and during the early part of the year will have quite a force of men at work. We have started another tunnel to tap the ledge, which will run in the mountain and cut the ledge at about 1,000 feet. This will open the ledge up in fine shape, and we will then have an immense body of ore where we can easily stoop it out. We are taking out ore every day and stacking it up and will make shipments in a short time. The ore we are getting out continues to hold its value as we go down on the vein and we have the greatest faith in our property."

"The Buckeye Mining company, owned by a company of Ohio people, are about seven miles from us and they have a very flattering prospect. They are now working some twenty odd men and taking out good ore, and they, too, will increase their force of men after the holidays and push their work of development."

GOVERNOR MURPHY

Visits Bisbee in His Private Car On a Tour of Arizona.

Governor N. O. Murphy accompanied by Mrs. Murphy and Mr. and Mrs. E. G. Rainey, arrived in Bisbee yesterday from Nogales. A reporter of the REVIEW met the Governor late yesterday evening and asked for an interview.

"We are just taking a hurried trip over the southern part of the territory to show Mr. and Mrs. Rainey the country," said the Governor, "and as our time is limited we do not stop very long at any one place." When asked as to whether he noticed any improvement in Bisbee since his last visit the governor said: "Yes, indeed, Bisbee has grown wonderfully. The whole south eastern part of our territory is coming rapidly to the front."

Speaking of statehood Governor Murphy said: "I wish I could get three or four senators and congressmen to go with me into the mining camps and

Schilling's Best baking powder is one-third stronger than other good baking powder.

It is twice or three times as strong as "cheap" baking powder and does nobody any harm.

NEW GOLF SKIRTS

at the

FAIR STORE

NO doubt the most complete line of these goods ever seen here are now shown by us. They are late arrivals by express and quite different from those previously shown, having a new style flounce and made principally of striped material now being so extensively advertised by the largest Eastern Fashioners.

Prices on these Skirts range from \$5.00 to \$9.00. Each and every one are considered exceptional good values. If you anticipate buying you had better come early as the demand on Golf Skirts has been larger than we were able to supply

The New Flannel Waists.

are beauties, and we have them in all the new shades and styles. Plain with military cuffs, others pleated front and back, also sleeves with the long waist effect, then there are the Noveley Waists, open back with deep embroidered fronts of colored silks and white dots. They are certainly beauties and out of the ordinary. The prices range from \$4.50 to \$8.00.

We also have the cheaper Flannel waists from \$1.00 to \$2.50, and the Flanellette Waists at 75c and 85c.

The FAIR, Frankenberg Bro's & Newman.

THE PROBLEM SOLVED.

What to give for Christmas is a question for all. Nothing can be more appropriate than some of our

A New Arrival

We have just received 150 Ladies Flannel Waists, the very latest creations in White, Black, Red, Blue, Green, Lavender, Old Rose and several new colors. These Waists are the remainder of a manufacturers stock and purchased by our New York buyer at a nominal figure; the regular retail price of them would be from \$8.00 to \$12.00, but we sell them as we bought them, at just about half. We have the largest assortment in Bisbee—come and inspect them. A few new Raglans and Automobiles came in with the Waists and went last long.
